

PORTO

The PORTO LED mirror with adjustable backlighting is a modern solution that combines style, convenience and high functionality. The mirror is equipped with LED backlighting with the ability to adjust the color temperature in the range from 2700K to 6500K. This wide range allows you to choose between warm, soft light (2700K), which creates a cozy and relaxing atmosphere, and bright cold light (6500K), ideal for beauty treatments or makeup that require precise detailing. Its minimalist design makes it a stylish addition to any modern interior. The PORTO mirror is perfect for a bathroom, bedroom or dressing room, giving the room elegance and comfort.
