

Floor lamp

CALIMERO – R40561032

excl. 1x E27 · max. 40W

- Cable switch
- Lamp(s) not included

Thanks to the modern mix of materials, the standard luminaire creates a stylish and cosy ambience to feel good in. The many small apertures in the lampshade create a pattern of light and shade that adds decorative lighting accents to your home. The standard luminaire comes into its own most effectively in living rooms where atmospheric lighting is required. The CALIMERO can be switched flexibly via a cord switch. The lampshade is made of a metal louvre in matt black and together with the wooden details it results in a modern vintage look. The use of an LED light source is recommended for energy-saving lighting. These are an excellent alternative to conventional halogen lamps and represent a high quality of light together with energy savings of up to 80%. With LED lighting, you also benefit from a long service life and low heat generation, while at the same time protecting the environment.
